Simplified Rx Solutions

PRESCRIPTION DISCOUNT CARD PROGRAM

WHITE-LABEL. REAL-TIME. BUILT AROUND YOUR BRAND.

Your Card. Your Brand. Our Adjudication Engine.

A turnkey prescription discount card program under your name - with claims processed, priced, and tracked on the SRxS platform. You keep the brand, the data, and the economics. We run the infrastructure.

YOUR LOGO | YOUR GROUP | YOUR BIN OR OURS

A branded discount program you control

Your member experience. Your data. Your economics. SRxS infrastructure underneath.

YOUR BRAND

Custom card, portal, domain and group configuration.

LIVE PRICING

Real-time pricing across participating pharmacies.

SEE THE DATA

Claim-level utilization, savings and reporting.

ONE PARTNER

Network, adjudication, portal and support from one team.

WHAT PATIENTS ACTUALLY SAVE

MEDICATION - 30-DAY SUPPLY	RETAIL	WITH CARD	DISCOUNT
Atorvastatin 20 mg Cholesterol	~~$80.33~~	$7.46	91% off
Metformin ER 500 mg Type 2 diabetes	~~$81.00~~	$12.60	84% off
Lisinopril / HCTZ Blood pressure	~~$55.44~~	$9.90	82% off
Sertraline 50 mg Depression & anxiety	~~$40.05~~	$7.54	81% off
Amoxicillin 500 mg Bacterial infection	~~$26.60~~	$8.19	69% off

ONE HOUSEHOLD - THREE MAINTENANCE DRUGS

A patient filling atorvastatin, lisinopril/HCTZ, and sertraline every month:

Retail, per month	$175.82
With the card	$24.90
Saved per month	$150.92

$1,811

saved in a single year on three ordinary generics, for one household, at no cost to them.

National average retail prices and discount-card prices for the most commonly filled version of each drug, published by market-leading national discount card networks and accessed July 2026. Shown to illustrate the category; SRxS program pricing varies by drug, quantity, pharmacy, and market. Patients always pay the lower of the program price or the pharmacy's own cash price.

28%
of U.S. adults have skipped a prescription because of cost (KFF, 2024)

40-80%
typical discount off retail cash price on generics; 5-30% on brand

70k / 35k
pharmacies in the two largest national discount card networks - the benchmark for reach

60,000+
retail pharmacies in the SRxS network, including all major national chains

HOW A CLAIM MOVES

01 **Patient presents your card**
Printed, digital, or phone wallet. No enrollment or income test.

02 **Pharmacy submits at the counter**
Claim routes over the national switch to your BIN/PCN.

03 **We adjudicate in real time**
SRxS prices the claim against contracted network rates.

04 **Patient pays the discounted price**
Nothing to file or reimburse; no deductible to meet.

05 **Everything lands in reporting**
Drug, pharmacy, quantity, savings, and fee are captured.

THE WHITE-LABEL PATIENT PORTAL

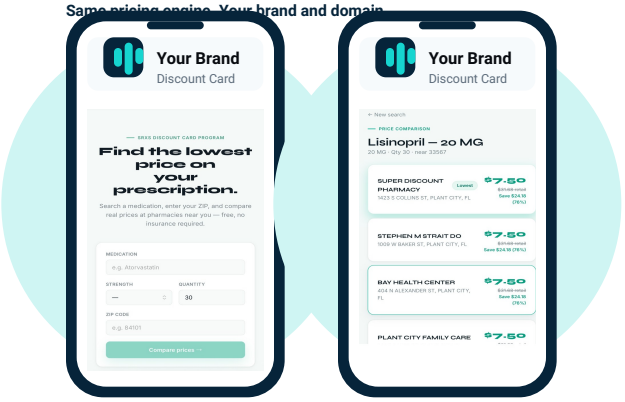

It looks like your program, because it is your program.

Patients search a drug and see live prices at pharmacies near them, then pull up their card on the spot - under your logo, your colors, and your web address. Nothing on the page points back to us.

- Your logo, palette, and domain throughout
- Price comparison across nearby participating pharmacies
- Instant card issuance - no account or app required
- Card delivered by print, text, or email
- Embeddable in an existing patient portal

WHITE-LABEL EXPERIENCE

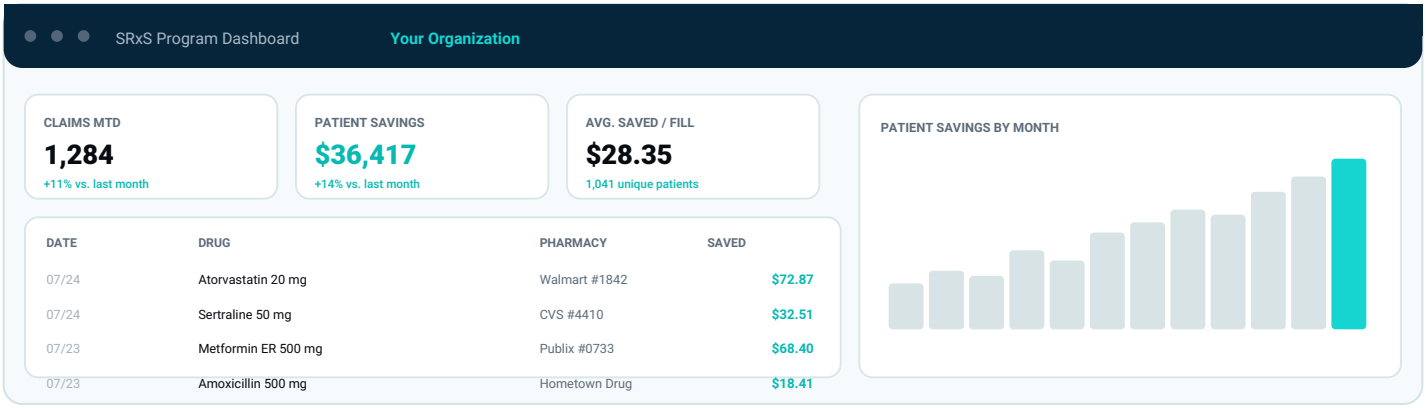

Same pricing engine. Your brand and domain.

Search by drug, strength, quantity and ZIP

Compare live pharmacy prices

THE REPORTING YOU NEVER GET FROM A NATIONAL CARD

CUSTOM PROGRAM VS. HANDING OUT A NATIONAL CARD

A You own the brand moment

Every search and every fill reinforces your name, not a third party's app.

B You own the data

National cards give you nothing back. You get claim-level utilization you can act on.

C You own the economics

Per-claim administrative fees flow back to your program instead of to a national brand.

D You keep patients close

A card with your name on it is a reason to come back, and a measurable retention asset.

E You get one accountable partner

Network, adjudication, portal, reporting, and support from one team that answers the phone.

PATIENTS	USE THE CARD	FILLS / YEAR	AVG. SAVED / FILL
2,000	12%	6	$28

$40,320

RETURNED TO YOUR PATIENTS ANNUALLY

Getting started

LOW COST IN - NO LONG-TERM CONTRACT

COST TO LAUNCH
Low, one-time
Setup covers card design, BIN/PCN configuration and portal branding.

COMMITMENT
Month-to-month
No multi-year term, no minimum enrollment and no termination fee.

YOUR BIN OR OURS
Both supported
Use your BIN/PCN or ours; multiple BINs can be supported.

TIME TO LAUNCH
~30 days
From signature to live cards and a live portal.

This is a prescription discount program. It is not insurance and is not a substitute for insurance. Discounts vary by drug, quantity, and pharmacy, cannot be combined with insurance benefits, and do not apply toward a deductible. Pharmacy participation and pricing are subject to change without notice. Portal and dashboard images are representative; savings and claim figures shown in them are illustrative. Comparative network and pricing figures reflect published data from market-leading national discount card networks, accessed July 2026.

Let's price out your program.
